# **SUBMISSION**

Manuscripts must be written in English. All papers must comply with the format of the IEEE Manuscript Templates for Conference Proceedings and each paper should not exceed 6 pages.

All submissions will be refereed by experts in the field based on originality, significance, quality and clarity. All contributions must be original, must not have been published elsewhere and must not be intended to be published elsewhere (conference or journal) during the review period. Accepted papers will be included in EUROCON 2015 Proceedings, which will be published by IEEE and submitted to IEEE Xplore. All accepted papers will be considered for extension for possible publication in journal special issues dedicated to this conference.

All papers must be initially submitted in electronic PDF format using the online paper submission system: <a href="https://easychair.org/conferences/?conf=eurocon2015">https://easychair.org/conferences/?conf=eurocon2015</a>

## SCOPE

The IEEE Region 8 EuroCon 2015 Conference is a premier forum for the exchange of ideas, open and direct discussion on the development of the Circuits and Systems, Multimedia, Information and Communication Technology and Energy and Power Systems. It has achieved a considerable success during the past 15 editions covering majority of the fields in the area of electrical engineering.

EUROCON 2015 is organized by the IEEE Spanish Section and IEEE Region 8.

# **KEYNOTE SPEAKERS**

Prof. Marios M. Polycarpou - University of Cyprus (Cyprus) Prof. Francisco Herrera - University of Granada (Spain)

# **CONFERENCE TOPICS**

EUROCON is a multidisciplinary conference, focusing on emerging technologies, and covers a variety of topics in the fields of:

- Information and Communications Technologies
- · Circuits and Systems for Signal Processing
- Power and Energy.

Further information about topics: http://eurocon2015.usal.es/Scope

## **CALL FOR SPECIAL SESSIONS**

In addition to regular sessions, participants are encouraged to organize special sessions on specialized topics. Each special session should have at least 4 or 5 quality papers.

Special session organizers will solicit submissions; conduct reviews (at least 6 international members of the review team) jointly with the EUROCON 2015 PC and in the same way recommend accept/reject decisions on the submitted papers.

Special Session submission deadline: 30th March, 2015 Submission of Special Sessions are welcome!

#### Up to now:

- Enhanced Interference Management in Advanced Mobile Communications Networks for Energy Saving
- Software Defined Radio for Education
- Applications of Computational Intelligence in Bioinformatics and Biomedical Engineering
- Soft Computing Models in Industrial and Environmental Applications by SMC

#### SOCIAL ACTIVITIES

Guided visit to Salamanca and Tapas Night Guided visit to Ciudad Rodrigo followed by:

- Bullfighting Show (No pain or blood involved for the brave animals)
- Gala Dinner
