

# 6<sup>th</sup> Hungarian Future Internet Conference

## » Focusing on Smart Ecosystems «

**Budapest University of Technology and Economics, Central Building  
November 27. 2019**

**Main patron: Prof. Dr. János Józsa rector, BME**

The Future Internet is one of the main driving force of the innovation nowadays, and a key element of the deploying Internet Ecosystems and Networked Society all over the world. The 6<sup>th</sup> Hungarian Future Internet Conference is the national forum of the Next Generation Internet in Hungary in 2019 as the previous conferences in 2014, 2015, 2016, 2017 and 2018. The 6<sup>th</sup> conference also overviews the research trends of the Internet technologies and focuses on the Smart Internet Ecosystem issues, as Smart City, Smart Factory and Smart Farming.

The 6<sup>th</sup> Hungarian Future Internet Conference (in Hungarian: Magyar Jövő Internet Konferencia, MJIK 2019) will be held at November 27, 2019, in the Central Building of the *Budapest University of Technology and Economics (BME)* (1111 Budapest, Műgyetem rkp. 3.). The organizer of the MJIK 2019 is the BME Faculty of Electrical Engineering and Informatics (BME VIK), the co-organisers are the *Future Internet National Technology Platform (FI NTP)*, the *Future Internet Research Coordination Centre (FIRCC)* and the *Scientific Association for Infocommunications (HTE)*.

The languages of the event are Hungarian and English. The Conference's morning programme is devoted to the progress of the Smart Ecosystem concepts and projects, and the driving forces of the Next Generation Internet, the afternoon sessions to the presentation of the Future Internet research trends and results and the smart applications, engineering solutions and products.

Please register to the MJIK 2019 on [www.hte.hu/mjik2019](http://www.hte.hu/mjik2019) without registration fee. The program of the Conference will be also shown on this site.

Looking forward to seeing you in Budapest

Dr. Peter BAKONYI  
Senior Advisor, BME  
President, FI NTP  
International Director, FIRCC
