

Infocommunications Journal

A PUBLICATION OF THE SCIENTIFIC ASSOCIATION FOR INFOCOMMUNICATIONS (HTE)

September 2025 Volume XVII Number 3 ISSN 2061-2079

Authors, co-authors of the September 2025 issue	1
<i>PAPERS FROM OPEN CALL</i>	
Spring: Theory and an Efficient Heuristic for Programmable Packet Scheduling with SP-PIFO	Balázs Vass 2
Challenges of DNS in the Post-Quantum Era: Improving Security with Post-Quantum TLS	Abdullah Aydeger, Sanzida Hoque, and Engin Zeydan 11
OSINT Based Recognized Cyber Picture	Gergo Gyebnar 22
Cost Model of Mode Division Multiplexing Bidirectional Transmission System	Ahmed S. Mohamed, and Eszter Udvary 30
Improved Outage Probability using Multi-IRS-Assisted MIMO Wireless Communications in Cellular Blockage Scenarios	Suresh Penchala, Shravan Kumar Bandari, and V.V. Mani 37
Improving the Clipping-based Active Constellation Extension PAPR Reduction Technique for FBMC Systems	Zahraa Tagelsir, and Zsolt Kollár 45
Convolution Assisted Polar Encoder With Flexible Iterative Decoding For Forward Error Correction In Wireless Communication Incorporated In Fpga	T. Ranjitha Devi, and Dr. C. Kamalnathan 54
Improving Technical Reviews: Metrics, Conditions for Quality, and Linguistic Considerations to Minimize Errors	Gabriella Tóth 62
Attitude-driven Simultaneous Online Auctions for Parking Spaces	Levente Alekszejenkó and Tadeusz Dobrowiecki 73
Model-based mutation testing for Finite State Machine specifications with MTR	Gábor Árpád Németh 84
<i>CALL FOR PAPER / PARTICIPATION</i>	
ICIN 2026 / 29th Conference on Innovation in Clouds, Internet and Networks Athens, Greece	93
<i>ADDITIONAL</i>	
Guidelines for our Authors	92

Technically Co-Sponsored by

Who we are

Founded in 1949, the Scientific Association for Infocommunications (formerly known as Scientific Society for Telecommunications) is a voluntary and autonomous professional society of engineers and economists, researchers and businessmen, managers and educational, regulatory and other professionals working in the fields of telecommunications, broadcasting, electronics, information and media technologies in Hungary.

Besides its 1000 individual members, the Scientific Association for Infocommunications (in Hungarian: HÍRKÖZLÉSI ÉS INFORMATIKAI TUDOMÁNYOS EGYESÜLET, HTE) has more than 60 corporate members as well. Among them there are large companies and small-and-medium enterprises with industrial, trade, service-providing, research and development activities, as well as educational institutions and research centers.

HTE is a Sister Society of the Institute of Electrical and Electronics Engineers, Inc. (IEEE) and the IEEE Communications Society.

What we do

HTE has a broad range of activities that aim to promote the convergence of information and communication technologies and the deployment of synergic applications and services, to broaden the knowledge and skills of our members, to facilitate the exchange of ideas and experiences, as well as to integrate and

harmonize the professional opinions and standpoints derived from various group interests and market dynamics.

To achieve these goals, we...

- contribute to the analysis of technical, economic, and social questions related to our field of competence, and forward the synthesized opinion of our experts to scientific, legislative, industrial and educational organizations and institutions;
- follow the national and international trends and results related to our field of competence, foster the professional and business relations between foreign and Hungarian companies and institutes;
- organize an extensive range of lectures, seminars, debates, conferences, exhibitions, company presentations, and club events in order to transfer and deploy scientific, technical and economic knowledge and skills;
- promote professional secondary and higher education and take active part in the development of professional education, teaching and training;
- establish and maintain relations with other domestic and foreign fellow associations, IEEE sister societies;
- award prizes for outstanding scientific, educational, managerial, commercial and/or societal activities and achievements in the fields of infocommunication.

Contact information

President: **FERENC VÁGUJHELYI** • elnok@hte.hu

Secretary-General: **GÁBOR KOLLÁTH** • kollath.gabor@hte.hu

Operations Director: **PÉTER NAGY** • nagy.peter@hte.hu

Address: H-1051 Budapest, Bajcsy-Zsilinszky str. 12, HUNGARY, Room: 502
